7:30 AM - Brook Road Culvert Site Visit

**\*\*Agenda Subject to Change\*\***

Minutes of May 2, 2017  
Warren Selectboard  
Brook Road Culvert Visit –  
7:30 AM

Members Present: Andrew Cunningham, Chair, Bob Ackland, Vice Chair, Clay Mays and Luke Youmell.

Members Absent: Randy Graves

Others Present: Cindi Jones

7:30 AM – Meeting called to order by Mr. Cunningham.

7:32 AM – Members met at the Brook Road Culvert to walk the culvert and look at the overall site. Ms. Jones explained that the crew did a temporary shot crete fix last year just to get the culvert by for construction. After walking the structure, the rest of the culvert is in great shape and the fix is holding out very well and it was felt that the culvert did not need to be changed saving the town money as the bids came between \$262,000-\$700,000 and using that money to do the complete paving job of Brook Road. The overall site is complicated with the underground power, homeowner driveway and the road closure. It does not meet AOP standards however it never had any problems with Tropical Storm Irene. Ms. Jones show the board pictures before showing the bottom was rusted out and had large holes that was allowing water to pass under around the structure causing the dip in the road that the crew fixed last year. It was agreed by all that the culvert would not need to be replaced and should last another 30 years or so.

8:10 AM – Motion by Mr. Cunningham to adjourn, second by Mr. Mays. All in Favor: VOTE: 4-0.

Minutes Respectfully Submitted by,  
Cindi Jones, Warren Town Administrator
