

**Current Road Conditions  
MUD SEASON HAS ARRIVED!**

**Currently ALL the gravel roads in town are in the same condition – Deep ruts, sloppy and hard to maneuver. You can park on portions of the paved roads if you are located near one or park in the municipal lot or park and ride. Try to limit your trips out to once a day if possible.**

**The Warren Road crew is aware of what the road conditions are and are working on grading them the best they can.**

**Thank you for your patience in this matter – It is the starting of spring weather. (Mud Season).**
