## **Minutes of January 10, 2023**

Warren Selectboard

6:30 PM

Warren Municipal Building

Via Zoom or in person

**Present:** Luke Youmell, Chair, Andrew Cunningham, Vice Chair, Robert Ackland, Camilla Behn & Devin Klein Corrigan.

**Others Present:** Richard Czaplinski, Kinny Perot, Brook Dingedine, Ericka (VR), Connie Coleman, John Malter, Don Ricker, John Egan, Mary Jane, Jennie, Victoria Eardensohn, Sara Eardensohn, Eric Sigsbey (Rootswork), Rob (TV 44/45),.

**6:35 PM – Public Comment** – Mr. Egan had Mr. Mr. Ricker present to the board a chart of suggested changes to the LUDRs concerning towers. Mr. Youmell commented that there has been no information or new noticing from Verizon concerning the tower. Mr. Youmell did publicly announce that the hearing for the LUDRs has been publicly warned and will be held on February 14, 2023. (Happy Valentines Day).

**6:40 PM** – Agenda Changes – None

**7:40 PM – Budget Update Review** – Mr. Ackland commented that it should be buttoned up next week. He has to meet with Ms. Lisaius to fix some wage and benefit lines in the spreadsheet. He also commented that he should have budget actuals uploaded as well.

**7:50 PM – Mad River Resource Management Alliance** – John Malter - Mr. Malter commented that In 20/21 the Alliance held just one Hazard Waste Event due to contractor changes. In the 2022 hazardous waste event they had 224 households that contributed to the event at which they collected 12+ tons of hazardous waste at the event. The Alliance will also swap your mercury fever thermometer and will give you a free digital thermometer at no charge at these events. They also will take the mercury thermostats at the Household Hazardous Waste Collection events. Residents with the Alliance communities can bring all their architectural paints, waste pesticides, alkaline batteries and up to 10 additional gallons of hazardous waste to each event for disposal at no charge. The two events for 2023 are scheduled for May 13, 2023 and October 14, 2023. Notifications of these events are sent out via postcard.

Food scrapes – A total of 327 tons of food scrapes were collected at Grow Compost of Vermont and Casella in 2022. Transfer stations will take food scrapes and curbside recyclers will take the food scrapes.

The Textile program has been a great success at Casella and Rodney's Rubbish Transfer Station. Textiles are collected by Helpsey, a textile recycling company. They take clothing, footwear, linens, and accessories in any condition that are clean, dry and odorless at no charge. In 2022. 24.45 tons of textiles were collected.

Green Up Day – The Alliance collected 236 tires and 28 were from Warren. Residents could also bring their tires in for a fee of \$5.00 per tire at the event. They collected 10.26 tons of tires. The E Waste collections collected were 17.89 Tons slightly down from previous years.

This year the Alliance Representatives decided to keep the per capita at a fee of \$7.00 per the 2020 census and Warren's charge would be \$13,839.00. In the near future, the Alliance will be adjusting that per capita rate. One reason is that the Hazardous Waste Events costs are going up. They are operating at a \$20,000 loss but it was covered under the assets of the Alliance.

Mr. Malter also wanted to thank Ms. Margo Wade for her service and contributions to help with the events. Mr. Malter asked the board to re-appoint Ms. Wade as Warren's Representative to the Mad River Resource Alliance board and to approve the budget.

Motion by Mr. Ackland to approve the Mad River Resource Management Alliance Budget and to re-appoint Ms. Wade to the Mad River Resource Management Committee as Warren's Representative, seconded by Mr. Cunningham. All in Favor: VOTE: 5-0.

The board thank Mr. Malter for his service to the Mad River Resource Management Alliance and for coming in to update the board.

**7:30 PM – Rootswork** – Sublease Changes - Rootswork presented a copy of the sub lease agreement with the Community Market. Things that changed were in section 3 – The rent will increase gradually over 5-year term of this lease. Section 4 – Provides a procedure for the temporary use of non-leases spaces by the EWCM. Section 8- The responsibility of Repairs and obligations of the property between Rootswork and the EWCM have been clarified. The lease is between Rootswork and the EWCM and fits closely with the lease of the Town and Rootswork.

Upcoming projects consist of re-doing the main entry way, working on the loading dock, work on the floor and provide some historical data in the area.

Wastewater Budget - Ms. Jones – Presented to the board a draft budget and history of the wastewater budget and a draft budget. She presented the costs with and without the wastewater studies. The board agreed that the studies should be part of the user's budget which were around \$19,000. They agreed to step out that increase over 3 years. Ms. Behn commented that she was in agreement that all the studies that are associated with the IDP permit are reasonable costs for the users to pay for.

**Other Business:**

Mr. Ackland wanted to just remind the members of the MRVPD Partners Meeting on 1/12/23 from 6:30-9:00PM.

Ms. Behn wanted to make a public apology to the property owners of Warren. When she agreed to notice the public on the LUDR's early she felt that the decision was made in haste without fully understanding the consequences. Ms. Klein Corrigan commented that early 21 days was important as it a small price to pay to having every application heard under the new version of what will be finally adopted, further stating that we started a clock that would have started no matter what when the meeting was warned. The LUDRS notice will be going into the Valley Reporter on January 26<sup>th</sup> and February 9<sup>th</sup>.

Idling – A concerned citizen requested that the board take some action on the idling of vehicles at the East Warren Community Market. Ms. Behn commented that the State Statute addresses this well. Discussions of placing signs at the Market and questions of signs at other town properties were discussed. Mr. Youmell commented that he would like to see options for educating the public before installing signs. Ms. Klein Corrigan commented that she will reach out to the Valley Reporter and also on Front Page Forum.

**8:30 PM – Approval of Minutes** – Motion by Mr. Cunningham to approve the Minutes of December 27, 2022, seconded by Ms. Klein Corrigan. All in Favor: VOTE: 5-0.

**8:32 PM – Approval Accounts Payable Warrants** – Motion by Mr. Ackland to approve the accounts payable warrants as presented for \$324,454.98, seconded by Mr. Cunningham. All in Favor: VOTE: 5-0.

**8:33 PM – Approval of Payroll Warrants** – Motion by Mr. Ackland to approve the payroll warrants as presented for \$58,494.21, seconded by Ms. Klein Corrigan. All in Favor: VOTE: 5-0.

**8:40 PM** – Motion by Mr. Cunningham to go into Executive Session to discuss personnel, seconded by Mr. Ackland. All in Favor: VOTE: 5-0.

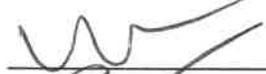

**9:22 PM** – Motion by Mr. Ackland to leave Executive Session, seconded by Ms. Klein Corrigan. All in Favor: VOTE: 5-0.

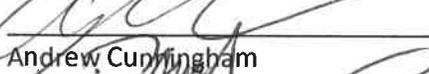

No Action Taken

9:23 PM – Motion by Mr. Ackland to adjourn, seconded by Mr. Cunningham. All in Favor: VOTE: 5-0.

Minutes Respectfully Submitted by,  
Cindi Jones, Warren Town Administrator

## Comparison of Current and Proposed LUDRs

The following chart highlights some of the important proposed changes to the Current (2010) Town of Warren Land Use Development Regulations (LUDRs) presented to the Selectboard Nov 8, 2022 by the Planning Commission (PC). The PC's proposed changes to the LUDRs omit several key provisions contained in the current law which should be restored to the Proposed LUDRs as recommended by the "Suggested Revisions" column.

| <b>Telecommunication Towers Zoning provisions</b>   | <b>Current law 2010 LUDRs Section 4.18<sup>1</sup></b>   | <b>PC Proposed 2022 LUDRs<sup>2</sup> Section 3223</b>                   | <b>Suggested Revisions to PC's Proposed LUDRs</b>  |
|---|--|--|--|
| <b><u>Height Restrictions</u></b>   | 200 feet   | None   | 100 feet or 20 feet above treetops   |
| <b><u>Prohibited Locations</u></b>  | Hilltops<br><br>Ridgelines<br><br><u>12 districts:</u> RR, WVT, SVR, VR, AVR, SVC, GFC, ARC, WVC, AC, BMC, FHO & MO<br><br>FR east of Rt 100 | None<br><br>None<br><br><u>4 districts:</u> VB, VMU, VR, RES<br><br>None | Hilltops<br><br>Ridgelines<br><br><u>4 districts:</u> VB, VMU, VR & RES.<br><br>RP <sup>3</sup> east of Rt 100 |
| <b><u>Permitted Use</u></b><br>(Towers would be allowed "as of right")                          | None   | 2 districts:<br>FR & RMU   | None   |
| <b><u>Conditional Use</u></b><br>(Towers permitted only with DRB review, approval & conditions) | 2 districts:<br>FR & VR  | 4 districts:<br>RL, RP, RR, GB   | 6 districts:<br>FR, RMU, RL, RP, RR, GB  |
| <b><u>Removal/remediation</u></b>   | Required   | None   | Required   |

<sup>1</sup> The 2010 Version of the LUDRs, Section 4.18 replaced the 2008 Version of the LUDRs, Section 4.17. While the 2008 Section 4.17 is no longer operative law, it apparently was not removed from Article 4 in 2010 when Section 4.18 was enacted. Therefore Section 4.17 is superfluous language and should not be used for comparison purposes.

<sup>2</sup> The Proposed LUDRs replace the current zoning districts and map in their entirety.

<sup>3</sup> The Proposed Resource Protection District (RP) encompasses the Current Forest Reserve (FR) District.

**MRRMA DRAFT BUDGET 2023**

**INCOME:**

Town Assessments Per Capita

2022 \$7.00 2023 \$7.00

**2022 Based on 2020 Census Data**

January 2, 2023

The Mad River Resource Management Alliance (MRRMA) includes the Towns of Fayston, Moretown, Waitsfield, Warren and Waterbury. The Alliance was formed through an Interlocal Agreement that began in 1994. We changed our name in 2008 to reflect the fact that we are managing resources not wastes.

2022 was the first time in three years that the MRRMA was able to hold both a Spring and Fall Household Hazardous Waste Collection Day event at the Harwood Union High School in Duxbury. Our Spring event was held on April 2, 2022 and the "Fall" event was held on August 20, 2022. A total of 424 households participated in these events. We collected 12.22 tons of household hazardous waste at the events. Residents within the Alliance communities were able to bring all their architectural paints, waste pesticides, alkaline batteries and up to 10 additional gallons of hazardous waste to each event for disposal at no charge. The Alliance will swap your mercury fever thermometer for a digital thermometer at no charge at these events. Bring your mercury thermostats to the Household Hazardous Waste Collection and you will receive a coupon that can be redeemed for a \$5.00 rebate by the Thermostat Recycling Corporation which will process the thermostats. We are planning two collection day events in 2023 at Harwood Union High School. They are scheduled for May 13, 2023 and October 14, 2023. We are working with US Ecology our new contractor.

A total of 300 gallons of used crankcase oil was collected within the Alliance at our Used Oil Collection Tank during 2022. The tank is located in Waitsfield at the Earthwise Transfer Station.

In 2022 textiles were collected at Rodney's Rubbish Transfer Station and the Earthwise Transfer Station. The textiles are collected by Hepsy, a textile recycling company with facilities in New York and Massachusetts. They take clothing, footwear, linens, and accessories in any condition that are clean, dry and odorless at no charge. A total of 24.45 tons of textiles were collected in 2022.

Grow Compost of Vermont in Moretown and Casella collected food scraps and food processing residuals from the Washington West Supervisory Union waste streams, from other large generators in the MRRMA and in collection totes at the Moretown facility. A total of ~327 tons of food scraps were collected by Grow Compost of Vermont and Casella in 2022 in the MRRMA. Visit our web site at [madriverrma.org](http://madriverrma.org). You will find information on solid waste issues on this web site.

The twenty sixth truckload sale of compost bins resulted in the distribution of 29 compost bins and 3 Green Cones. It is estimated that each compost bin can compost 650 pounds of garden and kitchen waste annually. This means rich soil to add to your garden and less waste to go to the landfill. We held two composting workshops for Alliance residents this year and expect to hold two more in 2023. The Alliance held a car and pickup truck tire and metal collection event at the Earthwise Transfer Station with additional collection at Rodney's Rubbish Transfer Station in conjunction with Green Up Day on May 7, 2022. A total of 10.26 tons of tires and ~1 ton of metal were collected during this event. We are planning to hold a spring tire and metal collection in conjunction with Green Up Day on May 6, 2023

Alliance residents can bring their mixed paper, glass bottles and jars, metal cans and plastics #1 through #7, except for plastic film wrap, plastic bags, black plastic and beaded styrofoam for single stream recycling to the Earthwise Transfer Station and Rodney's Rubbish Transfer Station and Redemption Center. There are also local haulers and Saturday Fast Trash Collections available in the Mad River Resource Management Alliance. Currently the recyclables are taken to the Chittenden County Materials Recovery Facility for processing. There is a charge for collecting and processing recyclables. Computers, printers, monitors and televisions can be recycled at no charge at the Earthwise Transfer Station or the State Surplus Property Office on Route 2 in Waterbury. Other e-waste can be brought to the State Surplus Property facility in Waterbury and recycled at a small per pound fee. During 2022, a total of 17.89 tons of e-waste was collected. Additional information on this program is found on our web site. The Alliance is a member of the Northeast Resource Recovery Association which helps us market some recyclable commodities such as tires, propane cylinders other materials and assists with educational programs. The Alliance is also a member of the Product Stewardship Institute (PSI). As a stakeholder in the PSI we work with other entities to reduce the environmental and health impacts of a variety of consumer products. This is accomplished by looking at the life cycle impacts of products and their packaging. Things like energy and materials consumption, emissions during manufacturing, toxicity, worker safety and waste disposal are among the issues reviewed. The objective of product stewardship is to rethink the way things are created in order to have more sustainable products in the future. We are also a member of the Vermont Product Stewardship Council which provides a local focus on legislative initiatives and other stewardship issues.

Our Solid Waste Implementation Plan(SWIP) is updated every five years. The update is available for review at our website, [madriverrma.org](http://madriverrma.org).

Backyard burning of trash is illegal and causes air pollution problems. Be a good neighbor and don't burn trash. If you know of any illegal dumping sites within your town that would benefit from an Adopt a Site Program give John Malter, Alliance Administrator a call at 802-244-7373 and let's see what we can do to help eliminate these types of problems together. The FY23 assessment for the administration and programs remains at \$7.00 per capita.

The representatives of the Alliance include: Fayston, Chuck Martel; Moretown, Jonathan Siegel; Waitsfield, Sal Spinosa; Warren, Margo Wade; Waterbury, Alec Tuscany and John Malter from Waterbury is the Administrator for the Alliance.
