R. Morgan

1. The applicant submitted a complete application, narrative of request, notice to abutters and verification of mailing, copy of erosion control plan and site plan showing new building envelope and proposed boundary line adjustment. Conservation areas issues were viewed and found to be within the standard's requirements. It was noted that the slopes on paper were not as severe when observed in person.
2. The clearing area has also been relocated but is no greater in size than previously approved.
3. The result of the proposed boundary line adjustment would be an approximate change of 1.75 acres, which would result in Lot 10 becoming approx. 8.2 acres and lot 9 approx. 4.8 acres.
4. The DRB concluded that none of the proposed changes were in conflict with the criteria of the regulations under Article 2, Zoning Districts & District Standards, Table 2.2, Rural Residential District, Article 6, § 6.2(E), Boundary Adjustment § 6.7, Revisions to an Approved Plat & 6.1(C), Minor Subdivision, and § 6.4, Final Plan Approval, and Article 7, Subdivision Standards, of the Warren Land Use and Development Regulations.

Notice of Decision:

The Development Review Board approves the applicants request to relocate the building envelope and make a boundary line adjustment as per the plans submitted with the following conditions:

- 1) The entire portion of the shared roadway as it crosses lot 10 and 11 must be maintained [width & general maintenance] by the standards required under the Lincoln Ridge Subdivision approval [the Road Maintenance agreement with Lincoln Ridge LLC dated 2/28/07 and recorded in the Town of Warren land records.]
- 2) The project shall be constructed and used only in accordance with the terms, plans, procedures and specifications stated:
 - i. In the application
 - ii. All exhibits furnished by the applicant, and
 - iii. All findings of fact and conclusions stated above in this decision.

In accordance with Section 6.5 and the Act [§4416], within 180 days of the date of receipt of final plan approval under Section 6.4(C), the applicant shall file 4 copies of the final subdivision plat, 1
