

Town of Warren  
Development Review Board  
Re-Approval  
Subdivision Review  
#2016-25-SD Kasper 2-lot Subdivision

066

Application #2020-04-SD: Re-affirmation/re-approval of previously approved application #2016-25-SD, a 2-lot Subdivision, whereas it was recently discovered that the Mylar was filed 9 days beyond the required date. The property is located at 1084 Plunkton Road, PIO 028002-301 and in the Rural Residential District

On Monday November 2, 2020 the DRB reviewed the findings and decision of the previous Board approved subdivision, recorded in the land records on July 11, 2016 in vol 240, pages 154-155, and found that there have been no substantive changes that would adversely affect or alter the decision. They hereby reapproved the previous findings and conclusions for the 2-lot subdivision. They also reapproved the mylar that had been filed past the required deadline.
