*or stop by anytime the gates are open to visit*

# What?

A 12,236 SF steel frame warehouse featuring indoor equipment storage, spacious mezzanine, an office and breakroom

# Where?

Site of the active Town-Owned gravel pit accessible from Route 100 off of Vaughan Brown Road

# Why?

To protect the Town's most valuable asset, which consists of \$2 million worth of equipment, while simultaneously enhancing efficiency. The goal is to achieve significant savings.

# How?

The Town will raise a bond which will be paid for over time through taxes

# When?

The objective is to secure a bond vote this summer, with plans to begin construction in either Fall 2025 or Spring 2026
